TREMENDOUS BARGAINS,

AT CHEAPSIDE, NAPANEE

TREMENDOUS is an old word and we have been thinking and thinking of some word more modern which would be suitable to apply to the purchases our Mr. Hinch made when at the wholesale markets last week, but there is none forcible enough. Tremendous is a good word and can be truthfully applied to the lot of goods we just opened out, bought at the rate of 50 cents on the dollar and sold at the same rates.

WE ARE HAVING A SPECIAL SALE OF SILKS and these are a few of the bargains we will give. A nice striped satin for 25c worth 50c; a heavy Brocade Satin for 45c worth \$1.00, a pure Silk Satin Merceux for 60c worth \$1.00, a heavy Satin for 75c, a very heavy pure Silk Satin for 90c worth \$1.50 and so on up. An elegant Satin ground goods broadened with plush worth \$6.00 for \$2.50, suitable for Dresses and Jackets; these goods were bought in bond at less than half their value.

WE ALSO GOT SOME BIG PLUMS IN DRESS GOODS and are selling fine all wool goods worth 30c for 20c; union silk check goods worth 30c for 20c; fine black all wool Sock worth \$1.50 for \$1.00.

WE ALSO SELL A NICE QUALITY OF NAVY FLANNEL for 25c worth 35c; Beautiful velvet finish shawls at \$2.00 less than their value, a lot of silk handkerchiefs at 20c, a lot of good silk handkerchiefs at 25c.

A BIG LOT OF LADIES' AND MISSES' KNITTED WOOL SKIRTS at 1/2 their value and less.

\$3.00 Skirt for \$1.50.

\$2.00 skirt for \$1.00.

\$1.75 skirt for .90.

WE HAVE LOTS MORE OF BARGAINS which we haven't time to enumerate in every department.

BUT THE FUR DEPARTMENT we can't pass over as we have secured some bargains in Persian Lamb and Seal, the prices of which are enough to scare any one who knows the value of them. (We meant to state in the right direction.) We are selling a No. 1 Persian muff all whole skin, beautifully made and trimmed for \$7.50, they are worth \$12.00; Seal Muffs worth \$20 for \$12; Seal caps worth \$15 to \$17 for \$10 and \$11 each; Men's Persian Caps pieced for \$1.25; Men's Persian Caps whole skin \$4.00; Men's good Persian Caps \$5.00; Men's "best on earth" Persian Caps \$6.00. What's that you say? The seals are worth more! We know it, but we bought these goods so cheap that we can afford to sell them at these prices and make a fair profit, so this nobody's business, but it's knocking both ends out of all competition. If they away \$5.00 on a Cap or Muff by buying before you see our goods. If they don't suit, you are under no obligations to buy from us. But we know what we are talking about when we say we CAN SAVE you \$5.00 on a Persian Lamb or Seal Muff and from \$4 to \$5 on a Cap. Don't forget we make to order anything and everything in fur goods, fur-lined Circulars, Mantles, Caps, Coats, Mitts, Collars and Cuffs, etc.

DONT

Let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, be it cough, cold, throat, lungs, can be delightfully and entirely cured by the use of Bosche's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.

Mr. A. R. Weese, Dentist, has removed his office into the upper flat of The Tribune building where he can in future be consulted. Being a skillful dentist, Mr. Weese is enjoying an ever increasing patronage.

The Big Mill men must have done very well during the past season, as a number of them are reported to have their late declined work at the Colar Mill when they declined, preferring rather to have a good time for a while. Boys, make hay while the sun shines.

Four of Deseronto's fairest daughters could be seen on Tuesday wending their way to an east end grocery to purchase some fortune gum and thus have their late declined work at the Colar Mill when they declined, preferring rather to have a good time for a while. Boys, make hay while the sun shines.

Navigation is virtually closed for the season. The Queen's Hotel, which was yesterday morning, but was not to be further and has laid up for the winter. The Armenia came from Kingston on Wednesday night. The Resolve cleared for Oswego yesterday morning and the Reliance came in yesterday.

The proprietor of a popular hotel in the west end of the village and a substantial looking butcher from the same aristocratic district were out in Tyendinaga last week on business. They drove up to a farm house for dinner. The granger mistaking them for clergymen very seriously asked them to what denomination they belonged. Next.

There was heavy rain on Sunday evening, but the weather turned cold during the night and a light fall of snow whitened the ground. The mercury took a dip on Monday night, and on Tuesday morning the bay was skimmed over with ice. Cold clear weather.

The thermometer indicated three degrees below zero, and ice in the bay was quite solid.

Mr. & Mrs. J. W. Dexter left yesterday afternoon for Akron, Ohio, where Mrs. Dexter will spend the winter with her daughter, Mrs. F. H. Mason. Mr. Dexter will spend a few weeks in Akron and also in Chicago visiting his son, and in Minneapolis where he has two brothers. We hope that Mrs. Dexter, whose health during the past year, has been very poor, will find the change beneficial.

The affair was a most gratifying success, the attendance being very large, respectable and representative. When it is remembered that eighty-five good matrons of the congregation had interested themselves in providing the tea, it can be easily understood that it was of a most auspicious character. The tables being supplied with delicacies of every variety and in the richest profusion. Ample justice having been done to the members of the congregation and the members of other churches for their kind patronage. Councillor Richardson announced that the financial receipts totted up the nice amount of \$22.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and faint, irregular brown spots, characteristic of old paper. The page is set against a dark background, and its right edge is slightly uneven, suggesting it is part of a bound volume.

FRIDAY, DEC. 2, 1887.

BETHEL.

From Our Own Correspondent.
It is my painful task this week to have to chronicle the death of Clarence Reid, grandson of our postmaster. Clarence, a great favorite with the whole neighborhood, in fact of every one who knew him. He was as bright a little fellow as you could wish to meet and very intelligent for his years. He was about 12 years of age and will be greatly missed by his friends. The bereaved family have the sympathy of this neighborhood. He was only sick about a week but they did not think him dangerous until only a couple of days before his death. I understand the cause of death was inflammation of the stomach. The funeral services were performed by Rev. T. C. Ash, on Monday, 28th Nov.

READ.

From Our Own Correspondent.
Mrs. Callaghan, of Dakota, is on a visit at her father's, Mr. Thomas Cullen, Bachelor's Walk.
Mr. James Cullen who has been in Dakota for some years is home on a visit.
Last Sunday was the first Sunday in Advent. Festivities are now at an end, and the marriage bells have ceased to ring.
The Messrs. Vance, of Thurford and Hungerford, are about to manufacture a large quantity of shingles at the farm of Mr. Robert Gordon, 8th concourse, during the winter, where they intend running a shingle mill by steam.
Our school has been making gratifying progress under the fostering care of our excellent teacher, Miss McHenry. The Christmas examination will soon take place, when parents should make it a point to attend and see the result of the good work done during the half year.

LINDSAY.

From Our Own Correspondent.
Last Sunday in one of our places of worship the sexton had too much fire going in the furnace, causing the congregation to be made uncomfortable. The sexton, when told about it after service, he said, if the minister looked after the spiritual temperature of the flesh he'd tend to it.
The entertainers given by the Odd-fellows last week was a success financially, besides being a treat for the people of Lindsay. We may hear of others during the winter.
The plate glass fronts lately put in some of the stores on Kent-st., add very much to their appearance and to the looks of the town. The stores with the small windows look very mean compared with the others, and to save the chance of losing customers orders for more plate glass are likely to be given.
Another tall chimney for Lindsay. At the new G. T. R. repair shops may be seen being built a large brick chimney that we hear is to be 65 feet high.

TYENDINAGA RESERVE.

From Our Own Correspondent.
Mrs. Wm. Buck Maracle has put extensive repairs to her house, making it a comfortable and commodious building.
It is reported that fire water flowed freely at a Bee in the neighborhood of Deseronto almost under the electrolytic nerves of the officials.
We wish good speed to our vocalist, Jess, who is about to leave home on a singing tour.
We regret to hear of the serious illness of old Isaac Penn who is now with his daughter near Picton.
John A. Loft, of the Upper Reserve, who has been seriously ill for some time had a successful plunging here on the 18th inst., his many friends showed their sympathy by swarming to his assistance.
The opening of the Parsonage, which took place on Thanksgiving day was one of the events of the season. Invitations of thanks to friends in England who contributed to the funds for repairing the Parsonage and Church, were passed unanimously and every one seemed happy.
The report to general Council of the returned delegates from Muskoka was not very favorable, mainly on the subject of purchasing a Reserve in that Northern locality was deferred for future consideration.
Your 4-1 will never learn to read recent manuscript in last week's correspondence, and made to say Sam Claus when it should read Francis Claus one of our most interesting farmers.
We sympathize with Alexander Loft in the loss of his barn by fire on Friday night and with his tenant Solomon Thompson all of whose straw and other fodder was consumed at the same time by the devouring element.

KINGSFORD.

From Our Own Correspondent.
Miss S. F. McCauley, of Mount Pleasant, has been visiting her many friends in this neighborhood.
Mr. Michael Rogers and Miss Rogers, of Read, were visiting here this week.
Mrs. Schoonmaker, of Fallow, N. Y., is visiting her sister, Mrs. A. Abbott.
Miss Mary Brennan is visiting her brother at Napane.
Mr. Thomas Sexsmith left last week for Big Rapids, Michigan.
We beg to congratulate Mr. Thomas Henry on the happy marriage of his daughter to a bachelor day he resolved upon taking into himself a wife. In pursuance of this good resolution he was married last week at Napane to Miss Elizabeth Lloyde, of Selby. We beg to offer our congratulations.
On the 24th Nov. Mr. Andrew Gearing was going up the South Hill with a load of barley, when the horses lost their footing and backed the wagon to the edge of the hill. There is a very great embankment at this point totally unprotected and the wagon almost went over. In fact the escape was miraculous. This surely ought to be a warning to the Richmond Council, who have been criminally negligent in protecting the public at this most dangerous place. Will nothing be done until lives are lost and the township saddled with additional taxes?
The annual meeting of the patrons of the

Empey Hill Factory was held on the 23rd Nov. and the business of the season was wound up and the officers for next year were appointed. A committee was appointed to look after the general interests of the factory, and to take action in any case where milk is watered or cream taken off the milk before being sent to the factory. During the season 1,225,000 lbs. of milk was received and 115,000 lbs. of cheese manufactured.
The weather has been very changeable during this week, and we had a heavy fall of snow on Monday.

SHANNONVILLE.

From Our Own Correspondent.
Oh! the saddest of sad deaths.
Again we feel thy brow;
Thou hast in terror stalked abroad,
And stricken Percy down.
Thou hast again in revel wild,
Sat midst earth's fairest bloom;
And from the same, thy last hath,
Filled up another tomb.
It is with sorrow that we chronicle the death of our esteemed young friend, Percy McLaren, eldest son of Dr. A. McLaren, of this place, who died on Monday, the 24th inst. at the early age of 29 years, of that fatal disease, consumption. We are glad to know that he was a death approaching he became resigned to the will of God, and bore his suffering with patience, saying that it was nothing to compare with what his Saviour suffered for him. He was held in the Presbyterian Church, service being conducted by the Rev. Mr. Kattray, of Kingston, assisted by Rev. W. H. Peake, and Mr. Percival. Our sympathies are extended to the bereaved family.

ALBERT.

From Our Own Correspondent.
I see there is some singular reasons brought forward why we should not have commercial union; one reason is, that there were between two and three hundred divorces in one city. One would suppose that we should be expected to exchange commodities of that kind. If divorced people are so plentiful in the United States they can afford to give us at least half a dozen for each one of ours and a few culls thrown in. It would be very pleasant to find a locality where there is nothing wrong. I have lived in good localities with Americans, and I think they are moral and as kind hearted as any people under the sun. Some people call it immoral to be divorced. I have seen a divorcee in the United States, and I think it is immoral to be immoral. Perhaps the people of the United States are not looked after by the clergy as they are here. There was a certain couple that did not live very agreeably, so their pastor went to visit them and get them in a good frame of mind and to live together happily. Because, the pastor said, "you know you are both one now." One of them chirps up and says: "Indeed, Sir, if you were here sometimes you would see that we were half a couple." Making a national union has been established years ago, and no duty claimed on either side of the line. The American government and the Canadian government seem to me like two old hickory women, each one trying to get the better of the other. I would like to buy and sell where we can do the best. The American people seem to be away ahead of us in all useful reforms. I will just give you one example. When the young people in the United States wish to get married they often go to the square to get the knot tied. Well, in one neighborhood there were four couples who wished to get married and they all agreed to go to the square the same evening. The square they could not find the nearest road, so it was quite late in the evening when they arrived at the square. The square's family hall all gone to bed, but the good square lay by the store smoking leaning back in one chair and his heels elevated on the back of another chair, making a figure something in the shape of the letter Y. As soon as the company got a little settled they told the square their business. "Why, youngsters," says the square, "it will take me some days to marry you all in single couples, but I tell you what I can do for you all is willing." So they were all willing. "Well then, says the square, 'I will just marry you all in one batch, and then you can sort yourselves as you go home.' That is what some people would call matrimony simplified. I never heard that their way any mistakes made. For last time I heard from the four couples they were all living very happy. I suppose most of our young men will vote for any candidate that will favor commercial union. If our square had authority to marry, how very convenient it would be for young people to drop into the square's office and nobody know. I suppose we could deal and trade with the United States without losing our nationalities unless we were willing.

MELROSE.

From Our Own Correspondent.
Miss Mattie Davis, of Belleville, spent last week as the guest of Mr. W. Badgley. Miss Frost, of Belleville, has been visiting her friends, Mrs. C. Denby, for the last few days.
Scarlet fever has appeared in this neighborhood. Mrs. A. Beatty and Geo. Sherman left last week on an extended hunting tour in the northern part of the country.
Shooting matches are the rage at present. They were held two per week. At Mr. Dan Morden's last week, some excellent shooting was done. Mr. Wellington Tripp made the highest score, scoring seven turkeys.
Mr. Harry Denby and Dr. J. A. Denby will leave for Michigan in a few days. We regret their departure as they were general favorites to drop into the square's office and nobody know. I suppose we could deal and trade with the United States without losing our nationalities unless we were willing.

ing of a dramatic dialogue, "Among the Breakers," and though long, was not tedious and proved amusing, interesting and instructive. The characters, ten in number, performed their respective parts in a graceful manner, and the frequent collisions of the rivals "Scud" and "Larry," elicited bursts of applause. Mr. H. Fairman then favored the audience with some lively airs on the violin, accompanied by Miss E. English at the organ; after which Mr. L. Ross gave a humorous reading, and was followed by a solo, "Stay Angry Tide," sung by Miss Mary McLaren in a very creditable manner. The next was a dialogue in the negro dialect, given by Messrs. Ross and Sherman, who by their burlesque costumes and witty saying kept the audience in a merry mood for a quarter of an hour. Miss Nellie Emmons then sang "Mora-More" in a pleasing manner and with great effect. The programme was brought to a close by shadow scenes from a magic lantern, and which kept the juvenile part of the audience in ecstasies. A ter singing the national anthem the crowd dispersed, all well pleased with the evening's enjoyment.
The annual meeting of the stockholders of the Melrose Cheese Company was held on Tuesday, Nov. 29th. The President, Mr. Wm. McLaren, gave a minute report of business transactions throughout the season, and which was unanimously adopted. The season's make was 136,000 pounds, realizing \$14,234.20, or an average of nearly 11 cts. per pound. The amount paid per standard was \$27.92.

In the highest terms of Dr. Reeves' skill and kind treatment. He also mentions with great gratitude the many acts of kindness he experienced from Mr. Wm. In answer to questions, the Hon. Mr. Borden stated that the subjects of temperance and hygiene are placed on the programme of studies, and the teacher is under the same obligation to teach scientific temperance as he is to teach any other subject. That the trustees have no power to omit any subject from the school curriculum prescribed by the department, the regulation never intended that any subject prescribed by the department should be omitted by the trustees.

That if the inspector reports that scientific temperance instruction is not taught as it should be in any school the grant would certainly be withheld.

That the subject of scientific temperance would be satisfactory and comprehensive examinations for Public School pupils, but every certificated teacher must pass an examination in scientific temperance knowledge, whether he be a teacher for Public or High Schools.

That an authorized temperance text book will be provided for the use of the pupils in the Public Schools.

That it is the duty of the inspector to see that the teaching of scientific temperance is efficient of every Public School in their district. There is no means of knowing the regulations are complied with except by those reports. Should an inspector complain in the matter of temperance, and should the complaint be good, the grant should be withheld.

That the subject of scientific temperance will be as compulsory as reading or other studies.

Woman is a subject never mentioned in Morocco, and it would be an enormous breach of etiquette to ask a man after his wife or wives. However, there is one story told by the Sultan of the Sultan that he is true or not.

His Majesty some few years back had a present made him by the French Government of a bicycle, and no one could for a moment imagine an Emperor learning to ride such a machine, so he turned it to a far more useful purpose. When there was a row in the harem the delinquents were brought before the Sultan and the case made to ride the bicycle round the court yard in the presence of the Euphrate. The punishment varied in severity. A lady who had slightly erred had to ride to the fall of five times, whereas an old offender had five and twenty falls to make. Meanwhile the Sultan was immensely tickled at watching their exertions.

At the solicitation of hundreds of friends of *TRUTH* and *LADIES* JOURNAL, the publishers of these popular Toronto magazines will offer one more competition, which, in the value of the rewards offered, as well as in the number of those who partake, will exceed anything attempted by any publisher in the world.

Everything named in the list below will be given away without any reserve or postponement under any conditions.

The leading reward is a really first class, exceptionally well and solidly built brick residence, No. 46 Lansdowne Avenue, Parkdale, the most beautiful suburb of Toronto, in all but name actually a part of Toronto, as the city now surrounds it.

The amounts due at this office are very small, and hence there can be no reasonable excuse for non-payment.

Mr. Frank Clement is making rapid progress with his new house which will be quite an acquisition to east Main street.

The Bay of Quinte Railway is putting down new sidings at the Cedar Mill so that logs may be unloaded at the side.

Santa Claus is dead. He was scared to death. "It was I," said Gracetrax, I did it. Yes, Gracetrax did it by cutting down the prices of his confectionery, groceries, fancy chinaware, dolls &c., to such low figures that Santa Claus found no room to go as far as at least a Deseronto is concerned.

The clerk's scales are for that purpose, and townspeople will consult their own interests and add to the revenue of the corporation by insisting on all articles being weighed on the market scales.

NOTICE.—As the recent changes and improvements in our office have necessarily entailed a very heavy expenditure of money, it is hoped that all persons indebted to us will see the propriety of making payments before the end of the current month. The Misses Evans have opened a "Fancy" Store at the corner of Thomas and Prince streets. They have a large assortment of articles especially suitable for Christmas presents which they offer at the lowest figures. They crave a large share of public patronage and will consider it a pleasure to show their goods to all who will favour them with a call.

A class for the study of shorthand has been formed in connection with the Mechanics Institute. Mr. George Evans, of the Central office of the Rathbun Company, has kindly consented to act as instructor. About twenty young men have joined the class and others will, no doubt, avail themselves of this opportunity to become acquainted with this necessary accomplishment. No fees are charged.

Mr. W. G. Egar, of Apothecaries' Hall certainly deserves much credit for the splendid display of Christmas novelties he is making this year. Egar believes in telling the public by means of printer's ink what he is doing and what he has to offer and the result is evidenced by the vast tide of customers who are seen daily and hourly crowding into his shop. In the midst of the youth of Deseronto, Egar and Santa Claus are one and the same person.

On the evening of Tuesday 27th inst. the Sunday School of St. Mark's Church will hold its usual Christmas festivities. Admission for all others 10 cts.

Settle your little account at The Tribune office and thus save costs of collection.

The double-dealing of the Salisbury ministry with respect to the Irish land question has been exposed in connection with the libel suit of Mr. Joyce, a former agent of Lord Clarendon against his old employer for libel. It came out in evidence that Sir Michael Hicks Beach requested Lord Clarendon to reduce the rents on his estate before he would agree to furnish troops to enforce evictions. Here the government acknowledge that the rents charged by the Irish landlords are excessive and yet they place the whole military force of the nation at the command of the landlords to collect them.

Two new boilers will be put in at the Cedar Mill.

Oysters, the best place to buy is at the Big Store.

The *Intelligencer* says that, "Mr. Wm. Johnson has, in addition to his other duties, been appointed Inspector of gas and gas meters at Deseronto, with an addition of \$100 to his salary, dating from January 1st 1888. This appointment has been earned by faithful and efficient service, as it was unsolicited."

The atm. Southern Belle was successfully hauled on the marine railway of the Deseronto shipyard last week to undergo complete repairs during the winter. From Mr. Warrant's report in the capacity of engineer, has been for fourteen years connected with this steamer we gather the following facts which will be of general interest. She was built at Glasgow, Scotland, by Messrs. Simpson, of the London works in the year 1861 and received the name *Rothsay Castle* by which designation she was known for many years. She was designed with a view to great speed and on her trial trip attained 21 miles an hour. She continued to run on the Clyde and adjoining waters for two or three years, until she was purchased as a blockade runner during the American civil war. She made several trips between Charleston and Nassau, netting her owner large sums as the result. On one occasion she was nearly captured by the American cruisers and received one or two shots in the hull from a frigate, but her great speed enabled her finally to effect an escape. After the war she came to Halifax where she was purchased by Capt. Leach who placed her shortly after on the route between Toronto and Hamilton. In 1869 she was placed on the route between Campbellton and St. John's, New Brunswick, where she ran for several years being subsidized by the local government of that province. During the winter of 1873 while laid up at Shediac she was destroyed by fire nothing being left but her iron hull. She was rebuilt and in 1874 returned to Toronto where Capt. Leach ran her until 1876 when she was sold to a company and her name was changed to *Southern Belle*, being employed chiefly in excursions from Toronto to Niagara and other points on the lake. She has steamed from Toronto to Niagara in two hours and three minutes, but her average time is two hours and ten minutes. For the past eight years she has been on the Toronto and Hamilton route making two trips a day. A few weeks ago she was purchased by Mr. Silcox and others who may plan her next season on the route from Belleville to Charlotte. During the winter Mr. Evans will give her a complete overhauling, hull and all, so that in the spring she will be almost a new vessel.

Don't Know People.

There was a man in our Store this week who said he did not know that we kept Clothing. When we showed him our stock of Clothing and Tweeds and the work we were turning out he was sorry that he had not found our Tailoring Department sooner. Now, as this is the time of year that everybody is buying, for fear some one might come in and say I did not know that you carried such and such lines of goods we will give you a list of our Leading Departments in which you will find a carefully selected stock at rock bottom prices.

Tailoring Department.
Millinery Department.
Dress Making Department.
Dress Goods Department.
Fancy Goods and Small Ware Department.
Gents Furnishing Department.

These are leading terms.—We have not room to subdivide them in the small space of one column but we can assure you that special attention is given to each one and each one is replete with its own quota of Bargains. As we told you last week we have spared no pains or trouble in seeking out the cheapest markets and the finest goods for the Holiday trade. If you are in need of a suit of Clothes or an Overcoat, if you are in need of a Dress, if you are in need of a Hat, if you are in need of a Fur Cap, Coat or Robes, if you are in need of Clouds, Fascinators, Tuques, Gloves, Mitts, Hosiery or Corsets, (in linen and silk) Underwear, if you are in need of Flannels, Blankets, or Woolen Goods of any description, or if you are in need of Carpets, Curtains, Oilcloths, Mats and Rugs, we ask you to call. Don't neglect it in your own interests. We might quote prices that would convince you but we will only say that the prices are as low as it is possible to make them. You will say the same thing when you see the quality of the goods. Remember we don't guarantee our prices lower than everybody else, because a poor quality of goods is always cheaper than a good quality. Our aim is to keep the best of everything. We do guarantee that taking quality into consideration our prices are the lowest.

He then outlined the course of the retiring council and proceeded to explain the desirability of a High School in the village also of the incorporation of the village into a town. He explained how the members of county council from the back portion of the county were unwilling to grant equitably the funds necessary to Deseronto and how a separation except as for electoral and judicial purposes would involve involving very little more expense to the benefit.

Mr. E. W. Rathbun following, expressed his approval of both schemes, his pleasure at the amiable position the village occupied as to debts and resources. He advised caution for some months to come in view of the money stringency and the difficulty there might be in floating the debentures at a low rate of interest. The concern he represented and which nearly all present were identified with, were desirous of taking a hand in helping forward the school project and would when the proper time came deed three lots for the purpose in a desirable locality. A. A. Richardson next spoke in a similar strain followed by Messrs McLaughlin and Cameron when the proceedings terminated.

At a subsequent meeting of the candidates the newly proposed retired, and the old council was elected by acclamation. The official declaration will be made Jan. 3rd, and the members sworn in Jan. 16th.

MARINE NOTES.

"Marine Items" are very scarce this week.

The "Puritan" is fairly chaffing at the opposition it is meeting with.

The "Deseronto" has got her back up.

The "Southern Belle" is entirely out of her element.

The "Reliance" after a successful season's work is peacefully resting on the ways, scheming how to make even faster time next year.

The "Armenia" like her gallant captain is secure and happy at its nearness to a "Belle."

The "Resolute" proud and conscious spurs the kind attention of Commodore Evans and retains its position on the bosom of the mighty deep.

The "Piggin" where is it?

The "Cibola" named to please the aesthetic taste of Torontonians if she does not depart from her early bringing up may make a record for herself.

The "Rescue" while it may be said to have had a "Row" on board all summer is now at peace with all the world.

If the waters did overflow the "Nifer" that was nothing unusual. The captain took his Daley walk notwithstanding.

If the parliament of Deseronto resolves on the titting out of two cruisers for the protection of the Bay of Quinte fisheries. What more formidable ones could be chosen than the "Anglin" and "Water Lily."

The annual election for School Trustees apparently excited unusual interest. Quite a large number were assembled in the Town Hall at noon. About fourteen candidates were nominated, of whom three selected to resign leaving eleven before the meeting.

By an unanimous show of hands Mr. R. Rayburn was re-elected; after which the remainder were disposed of by a corresponding number of tickets, of which two only were marked "Trustee," the fortunate drawer of such ticket being declared elected.

The fortunate two were Messrs R. Geddes and John Dalton, who take the places of Messrs. Jas. Whitton and D. R. McKee, whose term of office has expired.

CANADIAN LIVE STOCK AND FARM JOURNAL.

We have just received the *Canadian Live-Stock and Farm Journal* for December, and as usual it contains much valuable information for the general farmer. It is now in its fifth year of publication, and though started as a 20-page monthly it has gone on steadily increasing in matter and interest, as well as in size, until now it appears as a 32-page monthly. It claims to have no superior in any of its departments—viz: Stock Raising, The Veterinary, The Farm, The Dairy, The Foultry, The Apiary, Horticulture and the Home.

We do not hesitate to recommend it to our patrons as the leading farm paper of its class in Canada. The subscription price is \$1 per annum in advance. Farmers not subscribers are requested to call at our office and see it, or to send for sample copies to the publishers, at Hamilton, Ont.

We can furnish it and our own paper together for 1888, for \$1.00.

SAINT VINCENT DE PAUL.

At the Church of Saint Vincent de Paul services were held as follows:—

Christmas morning at 9 o'clock.

Tuesday afternoon 4 o'clock.

Christmas, confession.

Wednesday morning 8 o'clock.

Mass.—The following clergy officiated: Revs. Father McDonough, Cicolari and Hartigan. Large attendance on each occasion. It is the intention of the congregation to procure a handsome organ at a not distant date.

CHURCH OF THE REDEEMER.

Christmas Morning Service was largely attended. At its close, the congregation and pastor exchanged Christmas greetings. The Evening Service, a Choral Service entitled the True Light, was most heartily and profitably. The choir gave ample evidence of painstaking preparation under the training of their organist, Miss Borthwick.

The Sabbath School held its afternoon session, when books were distributed to deserving scholars, and fruit and candies to all.

Rev. Mr. Young conducted Preparatory Service on Wednesday evening for the quarterly celebration of the Sacrament of the Lord's Supper next Sabbath, the opening of the year.

Annual Business Meeting of the congregation on Tuesday, 8th January, at 7:30 p. m.

DON'T

Let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is themselves." Bottle only 75 cents. Ask any druggist.

FORESTRY REPORT.

We have received a copy of the Forestry Report of 1886, compiled at the instance of the Government of Ontario by R. W. Phipps. It contains:—

1. A statement of the amount of fire-wood yet standing in our settled country, being based on reports from 160 townships.

2. Descriptions of Forestry examinations of two townships—one north and one south—with opinions of most farmers resident therein, and details of observation as to effect of clearing, influence of wood on crops, and value of trees as wind-breaks or otherwise.

3. Correspondence and observation with reference to the pine forests of Ontario, giving descriptions of present method of management, and suggestions of possible improvement.

4. Information as to the progress of Forestry in other countries, with valuable information given at the late Congress in Illinois.

5. Articles on various points of Forestry effecting Ontario, both original and selected, with details of new plantations here, and experiments made.

6. Work done during the year, and recommendations as to further steps desirable to be taken in the interest of Forestry, both in the farming and lumbering districts of Ontario.

The whole report bristles with information and invaluable suggestions with which every farmer and lumberman, and in fine all who are interested in the preservation of the forests of Canada, should be acquainted.

Mr. Phipps has done his country's work as successfully and the country is greatly indebted to him for his labours into which he enters cordially on *amara*. Persons can secure copies of this report free of charge by sending their address to Mr. Phipps, 213, Richmond st., Toronto.

Respectfully,

R. W. PHIPPS.

LOCAL ITEMS.

Twelve, Twelve, Twelve very cheap. Kerr & Wims. Go to Eggar's for your copy of the *Empire*. Mr. F. S. Rathbun and friends enjoyed a toboggan party on Christmas day.

Mr. James Stokes was acknowledged by all to be the most graceful skater in the ice. John Dougherty, who had his foot crushed by a wagon running over it, is able to be around again.

Thomas G. Fie, our worthy collector of customs with his family, spent the Christmas holidays at Napanee.

The Song Sermon at the Methodist Church on Sunday evening last was listened to by a large and appreciative audience.

S. Mark's Church was lit by gas for the first time on Christmas evening and although the fittings were temporary the effect was very cheerful.

The ice boats belonging to Barney Barnhart and John Joyce skipped along over the frozen surface, and excited gaily to the scene.

A. D. Post, who had his arm badly torn in the Cedar Mill some time ago, is visiting friends in town. His arm is about healed up.

N. T. Lowe was the recipient of a handsome China cup and saucer as an Xmas present from the members of his Sunday School class.

If outsiders could see our market they would no longer express surprise that we should think it necessary to seek incorporation as a town.

A grand entertainment will be given Friday evening, January 6th, by the young people and children of the Methodist Church and Sunday School.

A poor old horse, devoid of friends and means and which had been wandering round the streets was despatched on Saturday to put it out of misery.

A pleasant family reunion was held at Mr. E. W. Rathbun's on Christmas eve. Many were the joyous shouts of the little ones around the Christmas tree.

The Sunday Schools were remarkably well attended last Sunday. Hardly a scholar out of place except those whose first appearance probably it had been since last Christmas.

Miss Millie Anderson took part at the concert, held by St. John's Church, Napanee, Tuesday evening, to the satisfaction of all present. Mr. Herkimer Aylsworth also assisted ably.

H. B. Sherwood has returned from his trip west to Kansas City and Colorado. At the latter place he saw Mr. M. J. Butler, and accompanied him over part of the line with which he is now connected.

Mr. E. Walter Rathbun who was also in the same direction, and met the foregoing gentleman, also returned about the same time, and speaks in glowing terms of his eye of the film which now covers it.

We are glad to notice the steady recovery of John Prickett, who has been able to resume work again. He is led by Dr. Reeves, of Toronto, to expect the removal from his eye of the film which now covers it.

We regret to hear of the severe loss by fire sustained by Mr. John McWane, of North Frederick street, a fine large span of horses, two colts, some pigs, and a valuable threshing machine on Christmas day.

Now is the time when the editor's thoughts wander towards home and when he follows his thoughts. Now Brunswick is a long distance away but the near approach of leap year did it. The sea air is useful in brazing up, &c.

Is it any wonder that interest in municipal affairs lag? For those who just visit the doleful chamber of commerce fathers meet each month and read the motions suspended on the walls over their heads.

"Rise sons of William."

The children's entertainment was held on Tuesday evening in the basement of S. Mark's Church. The attendance was large and the proceedings consisting of songs and recitations, magic lantern views and candies passed off satisfactorily.

S. Mark's Church was prettily not elaborately decorated. The Rector officiated at both services. The choral rendering in the morning was hearty and spontaneous and the choir showed evidence of good training. The singing of Miss Scott in the solos was much admired. The Curate preached in the evening.

The Methodist Sunday School Christmas Tree was held last Monday, Dec. 26th and a more enjoyable time was never witnessed by both young and old. And before the time announced for opening the doors a large crowd had assembled on the platform, eager to see the Christmas gifts so beautifully arranged on the tree. Mr. Amos Richardson, the superintendent called the meeting to order and proceeded with a very large and interesting programme. At the close of the above the gifts from the tree were distributed to the children. The receipts of the entertainment amounted to \$40.50.

A rather amusing coincidence occurred in one of our Sunday Schools on Sunday last, Xmas day. One of the young men of the school on being presented with a book was casually asked by a neighbor "who the author was?" A deep blush was observed to come over the face of the pupil, when, on reference to the title-page was found the author (or rather authorities) was found to coincide exactly with that of one of our young ladies in whom (as we have been given to understand) the young man referred to evinces deep interest. We do not wish to give him away, but would suggest in future the propriety of donors of books making a study of such circumstances, with a view to preventing beautiful young men from being so awkwardly placed in public.

The towns people to go to Eggar's for your Almanacs, 1888.

The Rev. Robert Atkinson is expected to preach his last sermon in S. Mark's Church on Sunday evening next.

Mr. A. L. Barnhart will open his Skating Rink, on the ice, opposite the Flour Mill, on Saturday evening, Dec. 31st.

A young lady is reported to have left a church in an eastern city, because the upholstering did not suit her complexion.

Monsignor Farrelly, of Belleville, is the administrator of the diocese of Kingston during the absence of Bishop Cleary in Europe.

It is calculated that at least one wedding party each day crosses the ice from Prince Edward county. Our informant is an electrician and would like to cross also under similar conditions.

Jas. Cameron is again moving the opera hall to the front, when he will raise it another story, place the billiard tables on the upper story and fit it up for a roller skating rink below.

Perth and Smith's Falls have annual turkeys of white color in great numbers being taken in by the farmers and merchants of that district. Why should not Deseronto undertake something of the same kind?

The children have had a royal time this week. Mr. and Mrs. French entertained about 30 of the little ones on Wednesday evening at their residence on Centre Street. It is needless to say that enjoyment reigned supreme.

A pair of Vermont oxen tip the scale at 7,000 lbs., one weighing 3,550 and the other 3,510. The price asked for them is \$10,000. They have netted the owner vast sums by being prizes in all parts of the United States.

The members of the Craig Lodge, on Tuesday evening, attended the Masonic Installation in Belleville, and report a very enjoyable time. At the banquet afterwards, some 200 hundred guests sat down to the bountifully laid tables.

The heroes are not all dead yet. The names of some candidates who so generously withdrew from the council and school nominations with an eye to saving the loss of time and expense to the municipality consequent on an election was handed down to posterity.

At the last meeting of Deseronto Lodge, L. O. O. F., Mr. Joseph Bradbeer who has been long connected with the lodge received the usual certificate prior to his departure for Lorain, Ohio. Mr. Bradbeer is followed with the best wishes of all the brethren who hope to hear of his success in his new home.

The traffic on the Thousand Islands Railway at Ganoune steadily increases. From Jan. 1st to Dec. 10th this year 16,003 passengers were carried over the road, a large increase over last year. In the same time 9,825 tons of freight were carried over the road, an increase of 1,134 tons over last year.

Picton and Pilot; sloop Monitor and Bang; eye; and barges Puritan, Isis and Industry. The steamers Southern Belle, Armenia, Reliance and Deseronto have been hailed up on the marine railway to receive extensive repairs. The other vessels will also have many changes and improvements effected, thus affording much employment during the winter.

We have received a copy of the Eighth Annual Report of the Ontario Agricultural and Experimental Union for 1887 printed by order of the Legislative Assembly. This Report contains a mass of information very useful to farmers. It is a pity that a copy could not be placed in the hands of every farmer in the country. As a general rule the great need of our farmers is a supply of just such information as this pamphlet gives. The methods and ideas of the farmers of Ontario could be profitably revolutionized were each farmer to subscribe for the *American and Canadian Agriculturist* and similar journals.

With contemplated town incorporation and school improvements, have we not been and are we not remiss in the matter of a public cemetery for the village. We understand that a meeting will be held shortly of gentlemen who have had the matter in consultation and who are now interested in the project. We call the attention of our readers to this important subject, and trust that with the incoming year the matter will be vigorously pushed forward to a successful issue. The matter was mooted some time ago, but for some unexplained reason, was allowed to drop.

Miss McHenry teacher in school No. 20 Tyendinaga was, on Friday 23rd December, the recipient of a handsome testimonial from the pupils of her school. At the last moment they had heard that she was about to take leave of the school and they did not wish she should depart without showing her in some manner the regard in which she was held by them. Accordingly at the close of the examinations deputations of the pupils came forward and asked their teacher to accept a beautiful photograph album accompanied by many kind expressions of affection and esteem. Miss McHenry in reply said she could hardly express her thanks for their unexpected and valuable gift which she would always prize as a memento of their kindly generosity and would always look back with pleasure to the time she had spent amongst them as their teacher. The testimonial was signed by Misses Desair Hanley, Tessie Shannon, Maggie and Mary Meagher and Masters Oswald, Dugan, Martin Quinn and Thomas Roddy.

Christmas—clear—cold—bright. The townspeople, to go to Eggar's for your Almanacs, 1888.

A CONFIDENCE GAME.—Patriarchal Trump (addressing small boy in doorway)—Hush! Not a word! Don't you know me, little boy? Why, I'm dear, old Santa Claus, and I'm kinder cold. Just hand me out them two overcoats in there, and I'll fetch them back when I bring you your Christmas tree to-night.—Texas Sifting.

The Tribune

—AND THE—

CANADIAN AGRICULTURIST AND HOME MAGAZINE.

Without a rival in Canada, and unsurpassed in America, for the Stock Raiser, Dairyman, or Fruit Grower.

We are enabled, by a special arrangement, to offer the splendid publication, the CANADIAN AGRICULTURIST, clubbed with this Journal, for the small sum of

\$1.50 a Year.

(Subscriptions may be commenced at any time.) The CANADIAN AGRICULTURIST is a large 30-page Journal, neatly illustrated, and printed in a first class manner. In amount and practical value of contents, in extent and value of correspondence, in quality of paper style of publication, it occupies the FIRST RANK. It is believed to have no superior in either of the three chief divisions of

Farm Crops and Processos, Horticulture and Fruit-Growing, Live Stock and Dairying.

while it also includes all minor departments of rural interest, such as the Poultry Yard, Bee-Keeping, Greenhouse and Grapery, Veterinary Replics, Farm Questions and Answers, Fivale Reading and Dominion Economy. Its MARKET REPORTS will be unusually complete, and much attention will be paid to the state of the Crops, as throwing light upon one of the most important of all questions—When to Buy and When to sell. It is liberally illustrated, and is intended to supply, in a concise and easily digestible, and in the best sense of the term, a

LIVE AGRICULTURAL NEWSPAPER.

Although the CANADIAN AGRICULTURIST is larger than any of its contemporaries (its size being from 20 to 30 pages monthly, according to circumstances), the terms are

\$1 a Year, strictly in advance.

For every club of five subscribers we send one more copy free.

Clubs may be got up at any time.

Specimen copies free. Address—**The Canadian Agriculturist, Peterborough, Ont.**
